

**KARIVARADHAN
ENGINEERING WORKS**

Striving to Lead

ISO 9001:2008 Certified Company

Manufacturers of
Sheetmetal, Machined &
Fabricated components

“WE CARE ENOUGH TO SEND THE VERY BEST”

An ISO 9001:2008 Certified Organization

Karivaradhan Engineering Works commenced its business in the year 2004, For over 14 years, KEW has been started offering solutions for Sheet metal fabrications industry & solar energy industry. KEW has set up their manufacturing facility at No.4 Veerapandi – Coimbatore with a aim of providing the world class engineering solutions catering to domestic & MNC's.

The company is managed by young talented team of professionals in the shade of previous generation with experience of 45 years in the main focus on Customer delight, Cost, Quality & delivery. KEW committed to grow multifold by exploring the fullest potential in manufacturing space.

We cater to all major sectors like Textile, Wind energy, Solar energy etc. We have been travelling with huge amount of learning for the past 45 years, each and every day thought us in different dimensions.

KEW is the only 3 letter word customers know about us, we are giving our best performance to meet the customer required time.

Our Mission

3 foremost criteria that gave the right importance will put our company on the global map.

Technology

Quality

Commitment

KARIVARADHAN
ENGINEERING WORKS

Starving to Lead

State - of - the Art

Infrastructure

Our Company is backed up with latest automated design capabilities for tooling, a state of the art press shop, design department and dedicated workforce.

The Machineries, we are having.,

- Laser Cutting Machine
- CNC Bending Machines
- MIG & TIG, Welding Machine
- SPOT & ARC Welding Machine
- Powder Coating

KARIVARADHAN
ENGINEERING WORKS

Starving to Lead

World Class Powder Coating Solution

KEW has end to end process for sheet metal components with masters in Powder Coating process with its in-house facility - 9 Tank Hot Pre-Treatment for Powder Coating.

Guaranteed Long Lasting Rust Free Powder Coating for M.S Ensures optimum, rigorous and fast pre-treatment of sheet metal Proactive Q.C Process ensures optimum pH & concentration of Pre-treatment chemicals. Uniform Coating Thickness.

Spike and lump free uniform structured / mat / glossy finish. Well documented Q.A Process.

Sheet Metal Solution

We offer a wide range of sheet metal components as per the CUSTOMISED requirements and specifications. Precision Fabrication for all engineering needs from quality to volume quantities as per customer specifications and requirements in mild steel / stainless steel / brass / aluminium or any metal.

We are engaged in offering high quality Sheet Metal Components, which are manufactured by fulfilling all industrial norms. We provide wide range of Sheet Metal Components for all class Industries who are under Manufacturing Giant with expertise in leading industries.

We prominently use new innovations and technology in manufacturing parts with a varied range of thickness from 0.1mm to 20mm. These parts are highly accurate and have gone through intense quality check.

Quality

An ISO 9001:2008 Certified

We believe in quality products, and exceptional service. We hold the fundamental belief that product performance, price, and service are the basis of any good business.

We are continually striving to provide a level of service superior to our competitors, while emphasizing the highest possible quality and product innovation.

Quality control is an integral part of the production process. Strict quality control measures, at each stage from pre-production, production and to final product ensure the highest standards.

KARIVARADHAN ENGINEERING WORKS" is committed to meet customer satisfaction by offering quality product, on time delivery and continuous improvement in all processes through adopting Quality Management System.

We commit to

Zero Defect QUALITY

Competitive COST

Superior SERVICE

Why Us

- ◆ Developing product innovations and new technologies
- ◆ Providing high quality products and services
- ◆ Adopting products to customer needs
- ◆ Offering competitive prices
- ◆ Providing Ontime delivery of value added services with products.
